There are many pretty gardens all over Clovis this year and in a few weeks when garden truck begins to come in a little faster Old Man H. C. of L. is going to be given a severe jolt.

Curry County should by all means have a fair this fall. It will cost some money and some effort but it will not only be a great advertisement for the county, but will be an incentive to the farmers to raise better stock and crops. Let every citizen get behind the movement.

At present there is not a flowing oil well in New Mexico, but if this is the case in six months from now it will not only be because the various fields have not been pretty thoroughly tested. In all parts of the Sunshine State plans are now being arranged to put down test wells with every indication that not less than twenty deep holes will go down between now and this fall. Oil development in Eastern New Mexico would make Clovis a town of double its present population within one year.

There will presently be going to market a bumper wheat crop. Farmers will soon be able to pay debts and expend for improvements, better homes, machinery, stock, automobiles and for a multitude of purposes. It is estimated that New Mexico farmers who increased acreage under the war guarantee that wheat would sell for more than two dollars per bushel, will have several million bushels of money bringing grain. There are no vast grain farms in the state, but the cash will come to many persons, which is all the better, for the public in the various agricultural counties.—Albuquerque Journal.

EDITOR VERY SMALL POTATOES

Judging by the tone of the Weekly Democrat, the new democratic state weekly, published at Albuquerque for the purpose of disseminating pure democratic doctrine through the state of New Mexico, the editor is peeved on account of having not been duly recognized at a meeting of Senator Jones and officers of the state democratic committee. Of course, it was rather provoking to have been ignored when there was something going on but an editor's hide gets thick and a genuine old time editor always knows that they will come around when they need him. An editor is a very small potato, anyway, unless he is needed. Cheer up, it could have been worse.—Otero County News.

QUITE ENOUGH

OUR SPICE BOX

A man may have too much sense to judge a book by its binding. But that won't keep him from judging a girl by her looks.

It isn't what a man knows that makes him fail in love with a girl. It is what he doesn't know.

After all, a gentleman is a fellow who keeps his troubles to himself and shares his pleasures with others.

A boy doesn't get a square deal in this world. If he tries to state his side of the case he gets licked for talking back.

A nervous woman would rather cook two dinners than tell the cook what to prepare for one.

If you only knew it, most of those small silk stockings you see on the street have holes in the toes.

When a man is to economize he tells his wife to dispense with things that she likes to eat and he doesn't.

The other fellow counts his pennies because he is a Tight Wad. But you count your pennies because you are thrifty.

Before a wise wife starts a quarrel with her husband she looks at the calendar and makes sure that it isn't the morning of his pay day.

Try to remember that for every vote you gain in a political argument you lose a dozen friends.

If all liars were put in jail like thieves, wouldn't this be a h— of a lonesome old world.

The following case is but one of many occurring daily in Clovis. It is an easy matter to verify it. You cannot ask for better proof.

F. L. Haffille, 522 W. Grand Ave., says: "Doan's Kidney Pills are a kidney remedy that can be depended upon and I recommend them. Sometimes when I do too much heavy lifting or stooping or take cold, it affects my kidneys. My back gets lame and stiff and I find it hard to bend over. When I stoop, and then straighten up, sharp pains shoot up and down my back. I have dizzy spells, also. I always use Doan's Kidney Pills, which I get from the Southwestern Drug Co., and they fix me up in good order. Anybody suffering with their kidneys should try Doan's Kidney Pills, for they are fine."

WIDOW OF PRESIDENT HEADS ANTI-SUFFS

Newark, N. J., May 28.—Mrs. Thomas J. Preston, of Princeton, N. J., widow of Grover Cleveland, former president, was elected first vice-president of the New Jersey Association opposed to Suffrage for Women at the annual meeting of that organization here today. Mrs. Garrett A. Hobart, widow of the former vice president, was chosen second vice president of the organization.

DID HER A WORLD OF GOOD, SHE SAYS

MRS. MOORE WAS SO WEAK SHE

COULD HARDLY GET UP—

HEALTH RESTORED

BY TANLAC

"I feel so well now that I can hardly realize the awful condition I was in before I took Tanlac," said Mrs. E. L. Moore, of 943 S. Wellington street, Memphis, Tenn.

"I had been in a rundown condition for two years," she continued, "and was so weak I could hardly keep going. I had to force myself to eat, but nothing agreed with me and I got so lifeless and no account that I could hardly get up when I was sitting or lying down, or even do my housework. I suffered with splitting headaches that would almost drive me distracted.

"My appetite picked up on my first bottle of Tanlac and I am now eating three hearty meals a day, those awful headaches are gone and I am feeling just fine. I have gained ten pounds and am strong enough to do all my housework with ease. Tanlac did me a world of good—more than all the other medicines I have taken put together."

Tanlac is sold in Clovis by Mears Pharmacy, in Texico by Red Cross Pharmacy, and in Melrose by Irwin & Pool. (Advertisement.)

PLEASANT HILL ITEMS

Although summer is here, it has been very chilly for the past few days. The wind has been blowing strongly from the north, raining some, which has delayed planting again.

There was an extra large crowd at the school house last Friday at the Soldiers' Reunion. There was dinner on the ground. In the afternoon the people watched the soldiers drill. Everybody told of the pleasant time they had.

Last Saturday was the last day of summer school. All of the students that attended school are rejoicing in their freedom, also because there were no failures.

Mr. T. Gallagher has been hauling his grain to town. People from the north are also hauling grain.

There will be some fruit raised in this community this year. The mulberries are already beginning to ripen.

TOO LEARNED

While one thing essential to a lawyer is a good knowledge of Latin, it is not necessary that he should parade his classical learning, for he might be taken down a peg, as was a young lawyer who displayed his erudition before a down state jury.

His opponent said: "Gentlemen of the jury, the young lawyer who has just addressed you has roamed with Romulus, canted with Canthraides, ripped with Euripides, soaked with Socrates, but what does he know about the law as to assault and battery."
